**Old Business**

**1. FC Regional Housing Authority Regional Housing and Redevelopment Authority Agreement:**

**2. Discuss Charlemont Ambulance:** Chair Wilson raised the issue of the response to a recent emergency issue which came up in Town Hall and the long response time from the ambulance. She spent time reviewing the Emergency Dispatch logs and noted that in 2013 three out of 18 calls were responded by Charlemont Ambulance, and from mid-January to present they responded to 3 out of 35 emergency calls. Chair Wilson expressed concern with response from Charlemont. It was noted that North Adams Ambulance was staffed with paramedics at most times and that it could save time if the ambulance was staffed with paramedics as they could start an IV, administer medications and start a 12 lead EKG machine. It was agreed that a paramedic staffed ambulance would be the best option for Rowe due to the length of time it took to transport patients to hospitals. Chair Wilson was discussing the matter with Charlemont Ambulance Director Johnson expressing concerns over the lack of Charlemont response. Since it is a critical issue Chair Wilson called for a meeting to take place next week to address the issue with Emergency Medical Services Director Hyytinen.
